To.

The Secretary to the Government of Mysore
General and Revenue Departments
Bangalore.

Sir,

In a circular received from the Comptroller's office I am asked to send a Budget Estimate for the next financial year 1900-1901. In the hope that my preliminary work will have been completed sufficiently to start work on experimental and demonstration plots in addition to the analytical work in the Laboratory - I have prepared the appended Budget Estimate.

This estimate includes in addition to the proposals at present before Government, 3 Superintendents for district experimental and demonstration plots at a pay of Rs 50 per month. I include these now as I should like to train them
